A talk on

8-10 Bell Street - an iconic landmark of Reigate

**Speaker: Sarah Sullivan BA(Hons), MCIAT, DipBldgCons(RICS),
Historic building and conservation specialist**

What we found – the time capsule of a building and how it has brought new life back to this pivotal part of the prime retail area of the town. Is retail dead or just taking a new branch on the tree of life? Explore the ancient art of timber framing and how the arrangement of timbers provided the evidence for the analysis and dating of the site. Architectural features through the centuries illustrate how this part of Reigate town centre has evolved.
